

Norwatt

**ENERGY SUPPLY AND
STORAGE SOLUTIONS**

OUR PROPOSAL

NORWATT has been working hand in hand with our clients for more than 25 years developing power supply systems designed to keep your facility running no matter what

Providing the best solutions for our clients in these sectors

NAVAL

OIL AND GAS

ENERGY

WHAT MAKES US DIFFERENT

CLIENT ORIENTED

Not only do we distribute equipment, we put together the best customized solution for each client's needs in order to solve their individual problems.

INTERNATIONAL EXPERIENCE

We provide services worldwide. Our solutions are present in more than 45 countries.

SOLUTIONS

From analysis to finally assembly, commissioning and maintenance.

MAINTENANCE

Agreed response lead times, 24h telephone service. Equipment and battery test as well as preventive and corrective maintenance.

RECYCLING

We make the necessary arrangements for waste collection and delivery to recycling treatment plants.

TRAINING

Tailor-made courses on the correct use and maintenance of our equipment.

APPLICATIONS

DO YOU NEED QUALITY UNINTERRUPTED POWER SUPPLY?

Power companies, the iron and steel industry, sanitation facilities, data processing centres, the naval sector, transport and logistics, assembly companies.

We collaborate on your projects from engineering stages and when processing an order we control the manufacturing process, factory test as well as transport, start up, and after sales services.

EPC (ENGINEERING, PROCUREMENT & CONSTRUCTION)

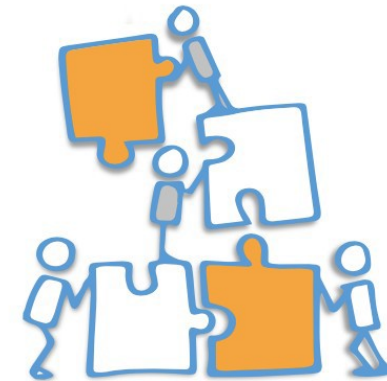

Please consult our advisory service regarding the installation of energy supply systems.

DO YOU NEED ELECTRIC ENERGY BUT LACK ACCESS?

We offer a wide range of customized solutions, both for simple or mixed generation systems: solar + diesel + wind+ hydraulics + reversible rectifiers and inverters using batteries based on different technologies.

GRID QUALITY PROBLEMS?

We provide all type of solutions for problems such as blackouts, micro-disconnections, harmonics, sags, frequency variations, voltage disturbances...

OUR SUPPLIERS

We work with the best brands available on the market due to our long-standing agreements with market-leading companies.
